Dear Parents

Greetings from Hallmark!

Summer Vacation brings with itself a much-needed breather from hectic schedule. It is the most awaited time meant for relaxation and enjoyment, and if this time is utilised for creative pursuits, it becomes a learning experience.

Keeping this in view, we have designed a few **exciting fun projects/ assignments** to enhance learning skills, help understand concepts better, and make for a **great crash course** aimed at **improving the child's academic output** as well. These assignments will not only help **to revise and reinforce what they have learned in school**, but will also enrich their knowledge.

In a nutshell, the Summer Vacation Assignment has been designed to be a **meaningful and creative exercise**.

### **A Little Note For Parents**

- These projects/ assignments will be assessed as **Subject Enrichment Activity** to be **added in your child's Portfolio**.
- **Submit the Summer Vacation Assignment** to the Class Teacher **within a week of reopening of the school**.
- **Make sure your child has a quiet, well-lit place to do homework.**  
Don't let your child do homework with the television on or in places with other distractions, such as mobile phones, people coming and going, etc.
- **Make sure the material your child needs, such as paper, pencils and a dictionary, are available.**  
Ask your child if special material is required for some projects and get them in advance.
- **Help your child with time management.**  
Establish a set time each day for doing homework. It will help regulating your child's Body Clock as per the set schedule.
- **Be positive about homework.**  
Tell your child how important school is. The attitude you express about homework will be the attitude your child acquires.
- **When your child does homework, you too do your work.**  
Show your child that the skills they are learning are related to things you do as an adult. If your child is reading, you read too.

- **When your child asks for help, provide guidance, not answers.**

Giving answers means your child will not learn the material. Too much help teaches your child that when the going gets rough, someone will do the work for him or her.

- **If homework is meant to be done by your child alone, stay away.**

Too much parent involvement could actually hinder their skills development and lead them to feel incompetent. Homework is a great way for kids to develop independent, lifelong learning skills.

- **Help your child figure out what is hard homework and what is easy homework.**

Ask your child to do the hard work first. The harder a task is, the more energy and focus we need to complete it. Starting the harder tasks when you are tired is more difficult and often results in putting them off for another day.

#### **Reward progress in homework.**

If your child has been successful in homework completion and is working hard, celebrate that success with a special event (e.g., pizza, a morning or evening walk, a trip to the park, star gazing) to reinforce the positive effort.

**Best wishes for Happy Holidays!**

## Let's Make the Most of this Summer Break!

- Grow at least 2 plants and water them every day.
- Help the elders in daily chores such as organising your room, picking up your toys, filling up the water bottles, watering plants every day and greeting all elders in the morning.
- Make Father's Day memorable for your Father by serving him his favourite breakfast and also making a Father's Day card for him.
- Communicate in English.
- Try to memorize your house address and contact number of your parents.

## ENGLISH

- Vocabulary is the foundation of learning the language in a skilled way. Design the Flash Cards displaying your creativity for the letters 'a' to 'e'. Use the pictures from any old book/magazine/ newspaper.

The given picture is for reference only. Use your own creativity.

## हिंदी

किसी भी पुरानी पुस्तक/अखबार/पत्रिका में स्वर अ से ऊ तक को ढूँढ कर A-4 size sheets पर रचनात्मक दृश्य प्रस्तुत करते हुए चिपकाएं।

The given picture is for reference only. Use your own creativity.

## MATHEMATICS

One, two, three, four, five!  
Once I caught a caterpillar alive,  
Six, seven, eight, nine, ten!  
Then I let him go again!

### CRANKY CATERPILLAR

Make a beautiful caterpillar of backward counting 10-0 as shown in the picture on an A4 sized pastel sheet. Add eyes, mouth and antennae to the caterpillar's face.

### NATURE WALK

Nature walks ignite children's curiosity about the world around them. They get an opportunity to observe different plants, leaves, insects and animals. Go for a walk with your parents to a nearby park/garden. Collect 5-6 different types of leaves and paste them on A-4 size sheet.
