JULY 07, 2025.

Dearest Hallmarkite  
Greetings from Hallmark!

As we head into the sunny days ahead, we're excited to challenge your minds and keep your learning momentum going. Kickstart your summer with a splash of learning and fun.

**The Summer Vacation Assignment is designed to help you retain key concepts, explore new ideas, and return to school refreshed and ready to rock!** Let's make this break both relaxing and rewarding! Dive in, explore, and come back stronger!

### **SUMMER BUZZ FOR SUPER PARENTS**

- **Make sure your child has a quiet, well-lit place to do homework.**  
Avoid having your child do homework with the television on or in places with other distractions, such as people coming and going.
- **Make sure the materials your child needs, such as paper, pencils and a dictionary, are available.**  
Ask your child if special materials will be needed for some projects and get them in advance.
- **Help your child with time management.**  
Establish a set time each day for doing homework. Don't let your child leave homework until just before bedtime.
- **Be positive about homework.**  
Tell your child how important school is. The attitude you express about homework will be the attitude your child acquires.
- **When your child does homework, you too do homework.**  
Show your child that the skills they are learning are related to things you do as an adult. If your child is reading, you read too.
- **When your child asks for help, provide guidance, not answers.**  
Giving answers means your child will not learn the material. Too much help teaches your child that when the going gets rough, someone will do the work for him or her.
- **If homework is meant to be done by your child alone, stay away.**  
Too much parent involvement can prevent homework from having some positive effects. Homework is a great way for kids to develop independent, lifelong learning skills.
- **Help your child figure out what is hard homework and what is easy homework.**  
Have your child do the hard work first. This will mean he will be most alert when facing the biggest challenges. Easy material will seem to go fast when fatigue begins to set in.
- **Reward progress in homework.**  
If your child has been successful in homework completion and is working hard, celebrate that success with a special event (e.g., pizza, a walk, a trip to the park) to, reinforce the positive effort.

Warmest wishes  
Hallmark Team
